CHRIST LIGHT CONNECTION

Hearing of Joseph's reputation for dream interpretation, Pharaoh calls Joseph out of prison to hear how his dreams might be interpreted. Joseph emphasizes throughout that God has revealed the meaning of his dreams to him. Pharaoh recognizes the interpretation as the work of the Spirit of God, acclaims Joseph as a discerning and wise person, and elevates him to a position second in command to his own. As the prime minister, Joseph carries out the economic reforms needed to prevent the disasters that Pharaoh's dreams foreshadowed.

This story emphasizes the ways in which God shapes even economic and governmental matters. On the one hand, God works in and through Pharaoh, including his dreams, to bring the wise and discerning Joseph into a position of power; God is not only at work to good effect in the lives of the chosen people. And then God works in and through Joseph in the management of the Egyptian economy, demonstrating the divine concern for the well-being of all peoples in every facet of their lives.

God rules his world today in the same way. God shapes our country through the leaders he puts in place. Seeing how God worked through Joseph brings comfort as we trust in God's continued providence over all of his creation.

PARENT TEACHER PARTNERSHIP (PTF)

St. Paul's will host its second PTF meeting on November 17th. PTF meetings are a great way to learn what is happening in your school, get involved, and meet other school families. We hope you will be able to attend.

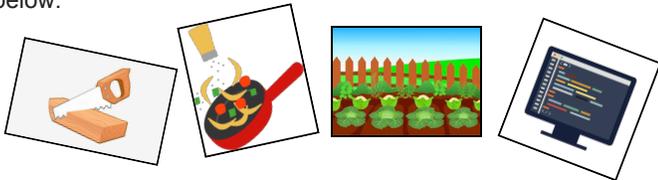

As a part of our meeting agenda, St. Paul's Board of Education members will hold an "open forum" session. Parent feedback is essential for ministry planning. Bring school ministry questions or comments for your School Board members!

BASKETBALL SKILL DEVELOPMENT

The good news is . . . the basketball season has not been cancelled. The bad news . . . it has been postponed until after Christmas break. As with all things during COVID times, we will have to wait and see how the winter athletic season unfolds.

In the meantime, we would like to provide students opportunities to get in the gymnasium and develop skills. Practice opportunities will begin next week for all students K-8.

- Monday, November 9th - Boys & Girls in grades 6-8
- Tuesday, November 10th - Boys & Girls in grades K-2
- Wednesday, November 11th - Boys & Girls in grades 6-8
- Thursday, November 12th - Boys & Girls in grades 3-6

Students need only bring practice clothes, a desire to work, and a coachable attitude. Practices will continue through the month of November. We will evaluate the month of December when we have more clarity on the status of our season. Please check the school [calendar](#) for practice information. Please contact Mr. Dais with any questions.
